

WHAT A TONIC SHOULD DO

Increase the Strength and Give Vigor to the System.

Webster's dictionary defines a tonic as a medicine that increases the strength and gives vigor to the system. That tells why Dr. Williams' Pink Pills for Pale People are a real tonic. Thousands of men and women are ailing today, not sick in bed but without strength and ambition to do a full day's work. No one organ seems to be at fault, yet the whole system is lacking in health. They cannot sleep or rest, are always tired out or nervous. Many have headaches, backaches and stomach trouble. All such people need the tonic help of Dr. Williams' Pink Pills for Pale People. The beneficial influence of this medicine reaches the whole system. Dr. Williams' Pink Pills do more than relieve one or two of the symptoms, they remove the cause.

The experience of Mrs. James F. Meynell, of Sullivan, Me., with this blood-making medicine is given in her own words, as follows: "My reason for recommending Dr. Williams' Pink Pills for Pale People to others is that they saved me from a long illness and probably from consumption a few years ago. When teaching a country school I became so completely run down that I could not attend to my duties. My appetite failed me and I became so weak that it was with great difficulty that I could walk upstairs. I had palpitation of the heart and was short of breath. I also lost in weight. The people with whom I boarded recommended Dr. Williams' Pink Pills for Pale People. I gave the remedy a trial and soon felt my strength returning. In a very short time I was perfectly well. More recently I again took Dr. Williams' Pink Pills. I had been suffering from rheumatism for several months. The disease settled in the joints all over my body. I could just get around the house by the aid of a chair. The pains were so sharp that I could hardly keep from screaming. I suffered all through the summer until early fall. As the doctor did not help me I again turned to Dr. Williams' Pink Pills. I gradually got better and took the pills until cured and have had no return of the rheumatism since."

Dr. Williams' Pink Pills are sold by all druggists, or sent by mail, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by the Dr. Williams Medicine Company, Schenectady, N. Y.

Biggest Boil Down On Record is Here

The Concrete Result of Twentieth Century Methods Saves Everybody Trouble.

"Boil it down until it simmers. Polish it until it glimmers. Don't you fill the whole blamed paper with a tale that in a pinch could be crowded in an inch."

That is the rhymster's idea of the "boiling down" process as every newspaper man knows it in his efforts to crowd as much of the latest information into the smallest possible space on printed paper.

The derivation of the term "boil" for this sort of work is easily enough determined, as it is the physical process of securing the concrete good of any liquid. Maple sap boiled down makes sugar; beef and water boiled down make broth; words and sentences boiled down make terse, readable news items; but all the information of the world brought up to date and boiled down to the smallest possible space, and then profusely illustrated, makes the Everybody's Encyclopedia now being presented to The Times readers on the advance complimentary plan.

This is the biggest and best boil-down on record, as it places just what you want when and where you want it—right at your elbow all the time.
